Collected Knowledge & Wisdom on

WordsAPI

Provides:

This API provides...
Words API lets you retrieve information about English words, including definitions, synonyms, rhymes, pronunciation, syllables, and frequency of usage. It also can tell you about relationships between words, for instance that "math" has categories like "algebra" and "geometry", or that a "finger" is part of a "hand".

Key Provisioning: **Pain factor** (*0=ezpz...5=nightmare*): _3_

- YOU WILL NEED AN ACCOUNT AND A CREDIT CARD
- Found here: https://rapidapi.com/wordsapi/api/wordsapi
- ...

Quotas:
